RE: Lockheed Martin Middle River Complex
Stormwater Management Variance
Middle River Watershed
EPS Project I.D. M140086
EPS Tracking Number: 06-18-2783

Dear Mr. Martin:

This office has reviewed the information submitted and finds that a stormwater management variance can be granted for this project under Section 33-4-113 (a) (2) of Title 4 of the Baltimore County Code. This section of the regulations allows a stormwater management variance to be granted if there are exceptional circumstances such that strict adherence to the provisions of this article would result in unreasonable hardship or practical difficulty and not fulfill the intent of the regulations.

This project is for soil remediation and critical area mitigation. Although the disturbed area is in excess of 5,000 square feet, there will be no increase in impervious area or runoff as a result of this project.

Please contact Michael P. Doyle of my staff at 410-887-3768 should you have any questions.

Very truly yours,

/signed/

James A. Markle, P.E., Manager
Department of Environmental Protection
& Sustainability
